RE: Final Rates and Fees Changes Effective June 1, 2018

We have now concluded the consultation process with the Airline Consultative Committee (ACC); as a result Regina Airport Authority Inc. (RAA) is communicating final rates and fees changes to take effect June 1, 2018 for General Terminal Fees and Landing Fees.

These fee changes have been established in order to recover the escalating fixed cost of operations and inflationary effects. Additionally the change in fleet mix by carriers and reduction in number seats offered out of YQR has resulted in this change.

We have attached a summary and the final revised changes and a new rates and fees schedule as posted to our website (www.yqr.ca).

RAA continues to look for opportunities to enhance efficiency and our overall performance.

Thank you,

Regina Airport Authority
